

# What is an Infographic?

## BIG THINKERS

The size of an animal's brain, compared to its body, can give a basic idea as to its intelligence. This means that a cat (ratio 1:110) is much cleverer than a hippopotamus (ratio 1:2789).

Pictures  
+ Information  
= Infographic!

# What does it do?

- It shows ideas
- It helps people understand
- It is fun!

# Where can we see Infographics?

- in school
- in books
- on the Internet

# What do we see inside?

- pictures
- numbers
- words

- Choose a topic!
- Find pictures!
- Add numbers!

# BENEFITS OF LIVING WITH A PET

## PROVIDE AFFECTION

Lorem ipsum dolor
